

COUCH POTATO CHRONICLES

CREATED AND WRITTEN BY LAINNIE FELÁN

EPK 2016

SYNOPSIS

- *Couch Potato Chronicles* picks up almost two weeks after the apocalypse has hit. Zuraya Cruz cares nothing about the end of the world, but is more concerned with the loss of her most important relationship: television. Meanwhile, Zuraya's mother Matilde fights for survival and searches for her loved ones. It doesn't take very long to realize both mom and daughter are trapped in a co-dependent relationship and getting Zuraya out of the house is going to be an impossible feat. However, it's when an estranged relative comes into the picture that Zuraya and Matilde's relationship will be tested beyond the limits and we find out who survives the apocalypse and what exactly happens to TV.
