SYNOPSIS

Everyone remembers McGruff the Crime dog from the 80s, but this is McGruff like you've never seen him before: With guns, regret, and a heaping helping of criminal blood! When drug crime gets out of hand in the gritty, crime-wrecked streets of Chicago, McGruff must skirt the laws of morality in order to sniff out the leader of the biggest drug cartel in the city and take a bite out of crime. Will he win, or will he be dragged down by the filth of a city that lost its soul long ago and descend into a spiral of madness?
