

# THE NIGHT SHIFT

A Dystopian Sci-Fi Short

*Overpopulation is a challenge without a definitive solution.*

*Child Care and Control is here to help*

A dimly lit room where two men are looking at a large screen. The man on the left is wearing a white face mask and a dark jacket. The man on the right is also wearing a white face mask and a dark jacket. The screen displays some indistinct, possibly technical or scientific, information. The overall atmosphere is serious and focused.
