

SHADOWS OF MY MIND

A music video by Peter Harton

Runtime – 6 minutes

Shot on location in and around Copenhagen, Denmark.

Synopsis:

Everyone has secretly plotted a murder or two. Sure, they're purely hypothetical murders, but be it an old high school girlfriend, some guy who cuts in front of you in line, everyone has that special someone (or someone's) whose orchestrated death they have fantasised about intimately.

It is precisely those darkest and most deranged of emotions that are drawn out in Peder's latest video directed by Peter Harton. Blunt force murder ensues as facades crumble in this visual slice of psychotica accompanying the grubby, laid-back blues rock groove "Shadows Of My Mind" off of Peder's fourth solo album *Come With Me*.
